## Part 2B: Key Competencies

Competencies are assessed at the interview/selection testing stage

### SENSORY AND PHYSICAL DEMANDS

The role holder is required to carry out tasks at a level which would require either learning certain methods or routines or involve moderate physical effort.

### WORK ENVIRONMENT

The role holder is required to work in an environment which is relatively stable and has little impact on the role holder or the way in which work is completed; be aware of health and safety procedures and reports concerns to others and it is an important requirement to understand how the work environment could impact on their own work or that of colleagues and act accordingly; identify the level of risk and take any necessary local action within health and safety guidelines where applicable, to adapt the environment.

### SERVICE DELIVERY

The role holder is required to deal with internal or external contacts who ask for service or require information; create a positive image of the organisation by being responsive and prompt in responding to requests and referring the user to the right person if necessary; deliver service that is usually initiated by the customer, and typically involves routine tasks with set standards or procedures.

### COMMUNICATION

#### Oral communication

The role holder is required to, understand and convey straightforward information in a clear and accurate manner.

#### Written or electronic communication and visual media

Occasionally is required to, understand and convey straightforward information in a clear and accurate manner.

### TEAM DEVELOPMENT

The role holder is required to advise or guide others working in the same team on standard information or procedures.

Date Completed:

**February 2020**
